CASE NO. - ND-8(20)/2018-RLC

Proceeding

The facts in issues involved in the present Industrial Disputes in the form of demand is discussed in detail. The AR on behalf of DOT filed office memorandums dated 07.01.2018 and 27.12.2018 containing the developments after discussion of the Union with MoS(IC), Ministry of Communication. A copy of the document is endorsed to all the participating parties. The Rep. of BSNL submitted that all necessary steps have already been taken by them and as of now matter is with DOT. Some of the queries are also received, reply of which is in pipeline.

The Rep. of the Union disagreed with the facts mentioned by management & the DOT. The Union Rep. complained that they were patiently pursuing the demands for past one year and if the management/ DOT fails to address the same with sincerity and optimum efforts. Union Rep. informed that they had a meeting with the CMD, BSNL in respect of demand No.- 5 i.e. **Settlement of Left Out Issues Of 2nd PRC** when the Ld. CMD assured that 3% of pension contribution to the DR Employees, will be increased by March, 2019 and the rest 4% would be increased in the next financial year.

The management Rep. of BSNL informed that they will look into the issue and do the needful. The Union wanted to know the time frame within which DOT may arrive to a decision. The Rep. of DOT mentioned that though there are positive developments in all the demands, time frame for implementation of these demands cannot be explained at this stage. The Rep. of DOT requested Unions to withdraw the Strike Notice instead of deferring it, as the same is requested by MoS(IC) as well. AUAB was not ready to withdraw and mentioned that industrial unrest will be there if the demands are not settled expeditiously.

The NDOH is fixed on 28.03.2019 at 11.30 AM.
