**Press Release**

**4.12.2020, New Delhi**

**AIKS appeals to all sections of the people**

**Make Janata Curfew/ Bharat Bandh on  
8<sup>th</sup> December 2020 successful**

In the context of the adamant stand of the BJP-RSS led Narendra Modi Government in meeting their genuine demands, the Delhi Chalo - Samyukta Kisan Morcha comprising of AIKSCC, RKMS, BKU Groups and the coordination committee of the Punjab Kisan organizations has decided to further intensify the ongoing unprecedented massive struggle of the Kisans at Delhi and has called for Countrywide "Janata Curfew / Bharat Bandh" on 8<sup>th</sup> December 2020.

The Samyukta Kisan Morcha is of the unanimous opinion that all the three anti-farmer and pro-corporate Farm Laws must be repealed and the Electricity Bill 2020 must be withdrawn.

The AIKS appeals to all sections of the people including workers, traders, petty producers, students, youth and women to extend solidarity, and come shoulder to shoulder in support of the Janata Curfew / Bharat Bandh and make it a historic success.

We appeal to all sections of the people to express their solidarity to the farmers struggle by coming forward voluntarily to keep the vehicles off the road, keep shops closed etc. to make it a real people's curfew. The Kisan activists will organize Rasta Roko / Rail Roko and demonstrations as part of the people's curfew.

The farmers will burn the effigy of the Narendra Modi Government and the corporate giants Ambani and Adani in all the villages across the country on 5<sup>th</sup> December 2020.

If the Union Government fails to accept the demand of the farmers on the discussion scheduled on 5<sup>th</sup> December 2020, then all the Kisan Organisations will extend the struggle in front of Toll Plazas across the country and keep them open to all vehicles and also call for Kisan Marches through the remaining National Highways to Delhi with massive participation from Rajasthan, Uttar Pradesh, Uttarakhand and Madhya Pradesh.
