## ***Stop the attacks on Palestinians*** ***- resolve the conflict through talks.***

A sovereign Palestine state is the right of the Palestinian people. But, a vast majority of the Palestinian people are driven away from their country and are made refugees. Everyday, Israel is committing crimes against Palestinian people and this is going on for the past many years. The United Nations has passed many resolutions against the attacks of Israel and its occupation of Palestinian lands. But, Israel, backed by the United States, has violated all the resolutions of the United Nations. Recently, the Hamas has retaliated against the aggressions of Israel, by launching thousands of rockets into Israel. The loss of lives caused by these rocket attacks, are regrettable. At the same time, in the name of retaliation, Israel has launched inhuman attacks on Palestine. Israeli armed forces have rounded up Gaza and are launching attacks on innocent people. Further, Israel has cut off electricity, food, water, supply, etc., to Gaza. We, while regretting for the loss of lives on both sides and sympathising with the injured, demand that Israel should immediately stop its attacks on Palestine, and should withdraw from the occupied Palestinian lands. We demand that, the United Nations should immediately take meaningful action to resolve the Israel-Palestine conflict. We also appeal to the Indian government to take steps for finding a peaceful solution to this conflict.

The World Federation of Trade Unions (WFTU) has called on its affiliates to organise demonstrations demanding to put an end to the attacks being launched against the Palestinian people and to find a peaceful solution to the ongoing conflict. In accordance with this, the Coordination Committee of BSNLEU, AIBDPA and the BSNLCCWF calls on the employees, pensioners and the casual & contract workers to organise demonstrations in public places on 18-10-2023, as per the call of the WFTU.
