Nakliyat Is Union fully supports the 26 November Strike organized by Indian Working Class

Nakliyat-İş Union, an affiliate of WFTU which represent more than 105 million workers in all continents firmly sides with Indian Working Class and their legitimate demands.

Our class brothers in India, who organized a massive strike with the participation of about 250 million workers in last January, are organizing a new massive strike against the anti-worker policies of the Indian government.

Their just demands from the government include:

- Supplying the families who don't pay income tax with 7500 Rupees.
- 10 kg of free ration for all those in need.
- Expansion of MGNREGA to provide 200 days of work per year in rural areas with better wages; extension of the employment guarantee to urban areas.
- Withdraw all anti-peasant laws and anti-worker labor codes.
- Putting an end to the privatization of the public sector, including the financial sector, and stopping the corporatization of government-run manufacturing and service entities such as railways, ordinance factories, ports, etc.
- Withdrawal of the draconian circular on forced premature retirement of government and PSU employees.
- Providing pension to all, eliminating the NPS and restoring the previous pension, improve EPS-95.

As the representative of class-oriented union movement and Working Class of Turkey, we fully support the demands above and urge the Indian Government to meet those righteous demands of the workers, peasants and all the popular strata in India.

Long live the international Solidarity of Working Class!

Long live Indian Working Class!

We shall overcome!
