Call to Action: International Day of the TUI TPFC of the WFTU in Solidarity with the Palestinian People - 8 September 2025

The International Union of Transport, Ports, Fishing and Communications Unions (TUI TPFC), a sectoral organisation of the World Federation of Trade Unions (WFTU), calls on all member unions and friends to unite their voices and actions in unwavering solidarity with the heroic people of Palestine.

The ongoing genocide in Gaza, but also in the West Bank and in the occupied territories, carried out by the murderer state of Israel with the direct help and support of US imperialism and the European Union, has reached terrifying proportions.

Every day, more innocent lives are snuffed out, entire neighbourhoods are reduced to rubble and the people of Palestine are subjected to a brutal and inhuman siege. This is not just an attack on a nation, but on humanity itself. Remaining silent is not an option. Taking action is not only a duty to the Palestinian people, but also to the cause of justice and freedom for all the peoples of the world.

The TUI Transport, Ports, Fishing and Communications of the WFTU congratulates all its affiliates who are fighting steadfastly all over the world, both in the streets and in their companies, against the genocide in Gaza, against the support of our states to the murderer state of Israel, and for the creation of a Palestinian state, especially our comrades who are preventing the transport and handling of arms to Israel from many ports.

The TUI TPFC secretariat calls on its affiliates to raise the level of struggle and to make 8 September 2025 an International Day of Solidarity with the Palestinian People in our sectors.

On this day, we call on all TUI unions, federations and allied organisations to take action in every country and city:

- * Organise creative actions and demonstrations.
- * Organise demonstrations outside Israeli embassies and consulates.
- * Use all resources, means and spaces to make the voice of Palestine heard.
- * Firmly oppose imperialism and Zionism.

On 8 September, let's send a strong message to the whole world: transport, port, fishing and communication workers the world over will never abandon Palestine and our solidarity will grow stronger until victory is achieved.

**Let the streets speak with one voice:
STOP genocide, immediate ceasefire, free Palestine!**
