Subject: Right of Way (RoW) permissions to M/S Reliance Jio Infocomm Ltd  
for providing MPLS – VPN & SD-WAN Services at AAI airports  
across India

Ref: PO No: AAI /CHQ/ED (IT) / ITD/2019/76 dated 28 Feb 2019

Airports Authority of India has taken a major initiative to upgrade the existing Network connectivity infrastructure at various airports across India and is setting up the technologically superior, robust and highly scalable MPLS -VPN and SD-WAN network.

1. The main objective would be to provide a dedicated high capacity nationwide advanced WAN network for enabling the online centralized business applications, e-mail, offline Data Transfer, internet Access etc.
2. The scope of this project is to connect 112 airports/stations including two DCs. The primary Data Center (CDC) is located at RGB, New Delhi and Disaster Recovery (DR) site at Begumpet Airport, Hyderabad.
3. To build this telecom infrastructure for connecting the Airports, AAI has awarded the contract with PO # AAI /CHQ/ED (IT) / ITD/2019/76 dated 28 Feb 2019, to RJIL M/S Reliance Jio Infocomm Ltd (RJIL).
4. While RJIL will carry out fibre laying through redundant diverse routes up to AAI IT room inside airport premises from Telco Point of Presence (POP), it is requested that for the airports covered under your region, your office will be receiving request from M/s RJIL for RoW permission

to lay OFC inside Airport premises as well as inside buildings hence the same need to be facilitated expeditiously.

This would ensure timely setting up of the new Network, either through Optical Fibre or on UBR, at the locations and work is complete in a timely manner.
