Sub: - **Recovery and sale of BSNL's idle underground copper cables – req.**

Sir,

We wish to bring the following to your kind notice for favour of necessary action.

BSNL is closing down its landline and broadband connections working on copper cable. The process of closing down these lines working on copper cable is completed in most of the circles. Consequent to this, the underground copper cables of BSNL have become idle.

It is needless for us to state that, copper is a valuable metal. Thus, recovery and sale of these copper cables which have become idle, will bring enormous income to BSNL. It's worth will certainly run into hundreds of crores of rupees, to say the least.

It is also being brought to our notice that, in many places, these copper cables of BSNL are being stolen by anti-social elements. If BSNL Management does not take immediate action to recover it's underground copper cables, this huge asset will be completely looted. In view of this, we request that the BSNL Management may take immediate action for the recovery and sale of the idle underground copper cables.

Thanking you,

*Yours sincerely*

**[P. Abhimanyu]**  
**General Secretary**
